

## MEETING 2

DOCARE meeting 9/19/07

12:10 Chuck starts out the meeting Dr. Wallace style with a “let’s rock and roll”.

12:12 introduces Strange-looking-guy Mike Funk-Mike Funk claims the intro is not worth the \$10 speaker fee

12:15 No one is willing to claim that they are homebodies and that they are secretly afraid of leaving the US

12:16 No one knows why they want to do a medical mission-a PA was the only one to want to help people.

12:18 Mike Funk puts everyone to shame with how excited he is about missions

12:23 Mike Funk says that medicine is nasty  
(suggests a book called A practical guide to global health service index for missions)  
In case we like that sort of thing

12:25 He is thrilled when he gets poor plumbing and brown recluse spiders.

12:27 reminiscing about bouncing down trails- acted out for everyone’s enjoyment

12:28 Dr. Funk treats someone whose hair hurts

12:29 Edumacation – (like for kidz who don’t reed goot)

12:31 Africa has AIDS. In Tanzania

12:32 - Dr. Swy says there are 3 epidemics no one knows what an epidemic is: (FYI- it’s a lot of people who get something)

12:34 Stigma is a cool word. Led to 2<sup>nd</sup> epidemic. Drugs caused 3rd epidemic.

12:36 DOCARE wants a grant to go to Africa

12:38 Africa is on the other side of the globe- if you don’t know your geography because many children don’t have maps (Thank you Miss South Carolina)

12:45 Chuck announces that Dr. Funk saves lives. You know, all in a days work

\*\*5:00 Drug packing- I know, I’m sure you just forgot.

12:46 Teresa says something about health fairs that we might not go to- try October Fest or Viva Broward fair. (October 6 and 24) [mcdill@nova.edu](mailto:mcdill@nova.edu)

12:48 Mary makes other people find physicians

FUNDRAISER! Monday night tequila ranch at 9:00. Pay \$5 to make a fool of yourself on a fake bull

12:50 Rich hides the fact that he doesn’t want to do research by claiming that education is better- he thinks people are disgusting
